ANNUAL GOVERNANCE STATEMENT

2018-19

CONTENTS

1. INTRODUCTION & PURPOSE OF THE ANNUAL GOVERNANCE STATEMENT
2. GMCA LEGISLATIVE CONTEXT
3. GMCA & GM MAYOR POWERS AND RESPONSIBILITIES
4. STRATEGIC AND POLICY CONTEXT – THE GMS
5. SCOPE OF RESPONSIBILITY
6. ANNUAL REVIEW OF EFFECTIVENESS OF THE GOVERNANCE FRAMEWORK 2018/2019
7. PROGRESS IN ADDRESSING THE CHALLENGES IDENTIFIED IN THE 2018/2019 ANNUAL GOVERNANCE STATEMENT
8. AREAS TO BE REFLECTED FOR IMPROVED GOVERNANCE FOR 2019/2020
9. CORPORATE RISK REGISTER ASSURANCE FRAMEWORK
10. SUMMARY
1. INTRODUCTION

1.1 The CIPFA International Framework defines governance as “Governance comprises the arrangements put in place to ensure that the intended outcomes for stakeholders are defined and achieved”.

1.2 This Annual Governance Statement sets out how the Greater Manchester Combined Authority meets its governance standards detailed in the reviewed Code of Corporate Governance\(^1\). It also describes how it meets the requirements of regulation 6(1) of the Accounts and Audit Regulations 2015 in relation to the publication of an Annual Governance Statement to accompany the Annual Accounts. It is a document which looks back retrospectively over the past year and identifies where the GMCA has demonstrated good governance, and looks forward as to areas where focus should be given in relation to governance over the coming year.

1.3 The GMCA is responsible for ensuring that its business is conducted within the law and that public money is used economically, efficiently and effectively and can be properly accounted for. This Statement provides an overall assessment of the corporate governance arrangements that support its adherence to the Code of Corporate Governance, and the standards set out within it.

1.4 In discharging its responsibilities, the GMCA is responsible for putting in place the required arrangements for the governance of its affairs, and this Statement further includes an appraisal of these key controls which have been put in place to manage the GMCA’s principal governance risks and the effectiveness of systems and processes governing decision-making and financial control.

1.5 The GMCA has established governance arrangements which are consistent with the seven principles of the Chartered Institute of Public Finance and Accountancy (CIPFA) and Society of Local Authority Chief Executives (SOLACE) Framework – Delivering Good Governance in Local Government\(^2\). However, this is an annual reviewing document and also provides details of where improvements need to be made. The Annual Governance Statement is reviewed by the GMCA’s external auditors as part of the audit of the annual accounts.

1.6 The GMCA remains a relatively new organisation, with 2018/19 the first year of full integration of the additional remits. However, it is based on strong long standing relationships between the Greater Manchester Councils (Bolton, Bury, Manchester, Oldham, Rochdale, Salford, Stockport, Tameside, Trafford and Wigan).

\(^1\) June 2017 file [https://www.gmcameetings.co.uk/download/meetings/id/1176/07_code_of_corporate_governance](https://www.gmcameetings.co.uk/download/meetings/id/1176/07_code_of_corporate_governance)

1.7 The functions of the GM Police and Crime Commissioner transferred to the elected Mayor on 8 May 2017 and with regards to these functions the Mayor is held to account by the GM Police and Crime Panel.

1.8 The functions of the GM Fire and Rescue Authority (GMFRA) transferred to the GMCA on 8 May 2017, with the GMCA becoming the fire and rescue authority for the area of Greater Manchester for the purposes of the Fire and Rescue Services Act 2004, and the elected Mayor responsible for discharging the functions of the fire and rescue authority.

1.9 The functions of the former Greater Manchester Waste Disposal Authority transferred to the GMCA on 1st April 2018, the GMCA has established a Waste and Re-cycling Committee to oversee these functions.

1.10 The assessment of compliance against the Local Code of Corporate Governance outlines where the GMCA is compliant and also areas where ongoing work is taking place to further improve overall compliance.

1.11 The GMCA’s framework is structured around 7 good governance principles set out in the 2016 CIPFA guidance which are:

   a. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
   b. Ensuring openness and comprehensive stakeholder engagement
   c. Defining outcomes in terms of sustainable economic, social, and environmental benefits
   d. Determining the interventions necessary to optimise the achievement of the intended outcomes
   e. Developing the entity’s capacity, including the capability of its leadership and the individuals within it
   f. Managing risks and performance through robust internal control and strong public financial management
   g. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

2. LEGISLATIVE CONTEXT

2.1 The GMCA was established on 1 April 2011 by the Greater Manchester Combined Authority Order 2011 and comprised of ten members, being the Leaders of the constituent councils. The GM Mayor was elected on 4 May 2017, and has now completed his second year in office. The Mayor is the chair and 11th member of the GMCA. All members have clear portfolio responsibilities.

2.2 On public service issues the GMCA members and the Mayor each have one vote, and generally questions are decided by a majority vote. Questions on matters requiring a vote of more than a simple majority are set out in the 2011 Order. The Mayor is required to consult members of the GMCA on his strategies. The GMCA will also examine the Mayor's
(non Police and Crime) spending plans and again will be able to amend those plans if two-thirds of members agree to do so.

2.3 The Association of Greater Manchester Authorities (AGMA), originally established in 1986 following the abolition of the Greater Manchester Council, continues to meet when required to consider issues over which the GMCA has no statutory responsibility. The membership of both the GMCA and AGMA is the same and consists of the elected Mayor and the ten local authority Leaders.

2.4 The GM Local Enterprise Partnership is a private sector-led voluntary partnership, with a core function to provide strategic leadership and private sector insight (alongside the GMCA) to help deliver the city region’s growth ambitions. The GM LEP jointly owns (along with the GMCA and voluntary sector) the Greater Manchester Strategy and is responsible for providing strategic direction to ensure that the strategy is successfully delivered.

2.5 A range of statutory and non-statutory member-led committees and boards sit below the GMCA and LEP, with responsibility for overseeing work in relation to the various portfolios. The three Overview and Scrutiny each have 15 members and responsibility for Corporate Issues and Reform; Economy, Business Growth and Skills; and Housing, Planning and Environment. The GMCA Audit Committee, as a statutory body, plays a key role in overseeing risk management, governance systems and financial management (see Section 6).

3. GMCA & GM MAYOR POWERS AND RESPONSIBILITIES

3.1 The functions of the GMCA fall into the following broad headings:

- Transport;
- Economic Development, Regeneration and Housing – including skills;
- Health;
- Police and Crime;
- Fire and Rescue;
- Waste Disposal
- Adult Education

3.2 Transport functions

3.2.1 These functions include:

- the development of policies for the promotion and encouragement of safe, integrated, efficient and economic transport to, from and within the Greater Manchester area;
- exercise of the functions required to implement those policies;
- preparation of a local transport plan (LTP);
- the appointment of the Director-General and Board of the Passenger Transport Executive (PTE) known as Transport for Greater Manchester (TfGM);
• the formulation of policies with respect to the provision, availability and convenience of public passenger transport services for the area and ensure that these are secured by TfGM;
• approval of concessionary travel schemes, ticketing schemes and quality partnership schemes;
• approval of new transport schemes to be funded by the Greater Manchester Transport Fund; and
• approval of the transport budget and issue of the transport levy to constituent councils in respect of expenditure reasonably attributable to GMCA’s transport functions (which is not raised by other means).

3.2.2 Other powers include:

• the power to enter into agreements with constituent councils and Highways England for the construction, improvement and maintenance of roads;
• the power to give grants to bus operators; and
• the GMCA, as a Mayoral Combined Authority, now has enhanced powers in relation to buses following the enactment of the Bus Services Act.

3.2.3 Greater Manchester’s transport policies are set by the GMCA and the informed by the Transport for Greater Manchester Committee (TfGMC). TfGM then:

• implements the decisions made by the Combined Authority and the Committee to improve transport services and facilities in Greater Manchester;
• works to develop detailed plans and strategies to put those wider transport policies into action. TfGM coordinates transport plans, devises sustainable travel initiatives, and provides the information required to enable the GMCA and TfGMC to decide where to invest transport funding.

3.3 Economic Development, Regeneration and Housing

3.3.1 The Order that established the GMCA in 2011 gave the GMCA various economic development and regeneration functions, being functions of the constituent councils to be exercised concurrently with those councils.

3.3.2 The functions include:

• the power to promote and improve the economic, social and environmental well-being of the area;
• the promotion of tourism;
• consideration of housing needs and housing conditions in the area;
• local air quality management; and
• post-16 education and training (from 2019/20)

3.3.3 The Functions Orders made pursuant to the various devolution agreements give the GMCA a range of additional economic development and regeneration functions (including functions relating to housing, spatial planning, compulsory purchase, skills and training).
3.3.4 These new functions include:

- a duty to prepare and publish a spatial development strategy for GM;
- powers to provide, or facilitate the provision of, housing and infrastructure;
- powers to develop and regenerate land;
- powers to acquire land, compulsorily or by agreement;
- powers to designate areas of land as mayoral development areas leading to the establishment of mayoral development corporations (MCDCs);
- additional powers in relation to skills and training; and
- adult education.

3.4 Police, Fire and Waste Disposal functions

3.4.1 The functions of the GM Police and Crime Commissioner (GMPCC) transferred to the elected mayor on 8 May 2017. The statutory powers of the PCC can be delegated to the Deputy Mayor for Policing, with the exception of the duty to set a budget, the duty to prepare a Police and Crime Plan, and the appointment and removal of a Chief Constable. The Mayor is held to account in respect of his police and crime functions by the GM Police and Crime Panel which now consists of representatives from each district with crime and anti-social behaviour responsibilities plus two independent members.

3.4.2 The functions of the GM Fire and Rescue Authority (GMFRA) transferred to the GMCA on 8 May 2017, with the GMCA becoming the fire and rescue authority for the area of Greater Manchester for the purposes of the Fire and Rescue Services Act 2004, and the elected Mayor responsible for discharging the functions of the fire and rescue authority. On the 27 April 2018, the Mayor decided to disestablish the Fire Committee which had been constituted the previous year.

3.4.3 The functions of the GM Waste Disposal Authority (GMWDA) transferred to the GMCA on 1 April 2018 and the GMWDA was abolished on that date. GMWDA functions are not exercisable in Wigan, which is its own waste disposal authority. The GMCA has decided to establish a new Waste & Recycling Committee which was formally constituted at the GMCA’s AGM in June 2018.

3.5 Health

3.5.1 From April 2016, Greater Manchester received full devolution of all funding and decision-making for health and social care in GM and GMCA, concurrent with the duty on constituent Councils, now has a duty to take such steps as it considers appropriate to improve the health and wellbeing of people in Greater Manchester.

3.5.2 Devolution does not change the position of NHS services in GM in relation to the NHS Constitution and Mandate - all of the services will remain firmly part of the National Health Service. However, the new duty enables the GMCA to work in partnership with the constituent councils, Clinical Commissioning Groups and NHS bodies to better
integrate health and social care provision across GM, improving outcomes for residents and ensuring the financial sustainability of the health and social care system within GM.

3.5.3 A Strategic Partnership Board, made up of representatives of the 37 partner organisations responsible for health and social care provision in Greater Manchester, is responsible for overseeing the £6bn health and social care budget.

3.6 **Mayoral and non-Mayoral functions**

3.6.1 All functions are GMCA functions, but some functions are only exercisable by the Mayor. Functions are deemed ‘non-mayoral’ unless specified in an Order or other enactment.

3.6.2 Powers only exercisable by the Mayor include:

- powers over strategic planning, including CPO powers and the power to establish Mayoral Development Corporations (which he has exercised during 2018/19 in beginning a consultation on Stockport Town Centre West Mayoral Development Corporation), and the power to create a statutory spatial framework for Greater Manchester;
- control of the £300 million recyclable Housing Investment Fund;
- control of GM’s reformed earn back deal;
- preparation of a Local Transport Plan and supporting policies (subject to approval of at least 7 other GMCA members); and
- responsibility for the role previously covered by the Police and Crime Commissioner and the GM Fire and Rescue Authority.

4. **STRATEGIC AND POLICY CONTEXT – THE GREATER MANCHESTER STRATEGY**

4.1 The refreshed Greater Manchester Strategy (GMS) was approved by the GMCA and its partners in July 2017, bringing together the public, private, voluntary and community sectors in delivering a bold new vision for Greater Manchester. The revised GMS is structured under 10 priorities which align with the Greater Manchester Model ambitions for aligned public services with people and places at the centre.

4.2 The GMCA further approved a two-year Implementation Plan following a full engagement process with networks and partners from across the public, private and voluntary sectors in GM.

4.3 The two-year implementation plan acknowledges that many existing and developing GM strategies and plans are already being delivered, and therefore seeks to capture those areas of action where attention will be focused and that with the collective support from across the GM system can make a transformational difference to the achievement of the GMS ambitions and supporting targets.

4.4 The actions within the Implementation Plan cover what all GM organisations need to do to support the GMS. Relevant ones of these formed the basis of the work programmes
for the CA Portfolio areas of responsibility. The Portfolio leads during 2018/19 reviewed portfolio governance and accountability (through scrutiny, audit and to the GMCA), to ensure that it is fit for purpose going forward.

4.5 Greater Manchester recognised that 2018-19 proved a timely opportunity to initiate a further independent prosperity review\textsuperscript{3} to develop a greater understanding of the current economic climate and its effect on investment and how external factors may influence the delivery of the ambitions of the Greater Manchester Strategy. This review has been used as the evidence base to support the development of the Greater Manchester Local Industrial Strategy and will be used as the basis of GM’s Spending Review Submission later in 2019.

4.6 During 2018/19 Greater Manchester produced a Public Service White Paper which supports Greater Manchester on its journey towards embedding a place based model at the heart of its public service delivery.

4.7 The GMCA Business Plan in 2018/19 was built up from Team Business Plans, reflecting actions for GMCA from the Greater Manchester Strategy, and highlighted key deliverables for GMCA. The plan sets out the strategic objectives for the organisation, and details the activities to be delivered by the GMCA. Recognising the GMCA business is still in its infancy, the Business Plan sets a direction of travel for the further development of the organisation and ensures the activities being delivered by the GMCA teams are contributing to the successful delivery of GMS outcomes.

5. SCOPE OF RESPONSIBILITY

5.1 The GMCA’s Code of Corporate Governance sets out how the GMCA operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people.

5.2 The Annual Governance Statement demonstrates how the GMCA is delivering its services in the right way in a timely, inclusive and accountable manner and will be certified by the GMCA Chief Executive and the Mayor, after consideration of the draft by the GMCA Audit Committee. GMCA external auditor review as part of the assessment of their value for money judgement.

5.3 The GMCA’s governance framework comprises the legislative requirements, principles, management systems and processes – including the GMCA’s Constitution, Operating Agreement and Protocols – and cultures and values through which the Authority exercises its leadership, fulfils its functions, and by which it is held accountable for its decisions and activities.

\textsuperscript{3} \url{https://www.greatermanchester-ca.gov.uk/what-we-do/economy/greater-manchester-independent-prosperity-review/}
5.4 The following sections of this document describe how the GMCA fulfils the requirements set out in the seven principles of good governance.

6. **ANNUAL REVIEW OF THE EFFECTIVENESS OF THE GOVERNANCE FRAMEWORK**

**GMCA Audit Committee and GM Joint Audit Panel**

6.1 The GMCA Audit Committee is responsible for overseeing the effective operation of the systems of governance including risk management, internal control, and treasury management. It is a legal requirement for the GMCA to have an Audit Committee as this also ensures a high standard of openness and transparency. The Committee met 6 times during 2018/19 and discussed a range of matters including the Risk Strategy & Register, the Treasury Management Strategy Statement & Activities and the Statement of Accounts for the GMCA and associate bodies.

6.2 The GMCA Audit Committee oversees all aspects of GMCA including Mayoral functions. In line with the Home Office Financial Management Code of Practice. The Mayor has also established a Greater Manchester Joint Audit Panel which oversees the control environment of the Chief Constable and the GMCA (Police and Crime) functions, performing the functionality of an Audit Committee. The Panel assists the Mayor in discharging his statutory responsibilities to hold the Chief Constable to account and to help deliver an effective policing service. To minimise duplication and bureaucracy and to maximise value for money shared internal audit arrangements are in place to support the Mayor and the Chief Constable. The GMCA Audit committee receives the minutes of the Audit Panel as part of its agenda.

**Head of Audit and Risk Management Interim Annual Opinion 2018/19**

6.3 The Head of Internal Audit and Risk Management in their report to the Audit Committee on the 16 April 2019 provided a moderate interim assurance opinion for 2018/19 stating that there was generally a sound governance, risk management and internal control framework operating across GMCA. This was the same level of assurance as the previous year and took into account that the GMCA remains a relatively new organisation with 2018/19 being its first year of full integration with the GM Office of the Police and Crime Commissioner, GM Fire and Rescue Service and former GM Waste Disposal Authority functions. The final opinion to be given in June 2019 will take into account the process for engagement with the HMICFRS inspection of the GM Fire and Rescue Service and the emerging improvement action plan.

6.4 The opinion reflected that the GMCA had clear strategic intent and its priorities were referenced in the GMS and implementation plan. Governance and decision making processes had continued to develop and embed across the organisation during the year with an established structure for overview and scrutiny that had provided opportunity for challenge and review of GMCA decision making arrangements and supported by robust Audit and Standards Committee arrangements.
6.5 The closer alignment with Transport for Greater Manchester and the sharing of leadership resources was indicative of the ongoing evolution, change and transformation.

6.6 Critical areas of organisational reform and redesign were underway in the form of GMFRS Programme for Change (PfC) linked to transformational change of the Fire and Rescue Service and the GMCA Service Review and Integration Programme (SIP). A core aspect of both of these reviews were to ensure that organisational structure, workforce skills and capacity was suitably aligned to meet and respond to organisational demands.

6.7 There remained several areas for development which were recognised by senior management and reflected in the GMCA Business Plan for 2018/20. This included the bringing together of systems and processes, cultures and priorities as the GMCA matures further.

6.8 There was regular review of the most significant risks associated with delivery of GMS and other GMCA priorities and these were subject to regular review by GMCA Senior Management Team and Audit Committee.

6.9 A new Head of Audit and Assurance for GMCA will take responsibility from April 2019 for delivery of Internal Audit activity for 2019/20.

Annual Review of the System of Internal Audit 2018/19

6.10 The annual review of effectiveness of Internal Audit was undertaken by the GMCA Treasurer in April 2019 and concluded that whilst work undertaken by the internal audit service in 2018/19 had been in accordance with Public Sector Internal Audit Standards (PSIAS) and expected quality standards, the scale of delivery fell short of agreed and expected allocations. This presented a risk to the GMCA in obtaining appropriate, robust levels of independent assurance over systems of governance, risk management and internal control.

6.11 The reasons for this were outlined in a report to Audit Committee, which included the time taken to finalise the decision on the structure of the audit service and the ability to secure suitable and sustainable staffing appointments to fully deliver the audit plan. The decision to move away from the existing audit collaboration arrangement with Manchester City Council and appoint a new shared Head of Audit and Assurance with GMCA/TfGM will mean that the key focus for GMCA Internal Audit provision for 2019/20 will be to support the effective transition of the service.

6.12 The new Head of Audit and Assurance and an indicative audit plan for 2019/20 for GMCA core functions and GM Fire and Rescue Service (GMFRS) is in place. A separate audit plan exists for GMP and GM Mayoral Police and Crime functions which is reviewed and approved through the Chief Constable, Deputy GM Mayor and Police and Crime Joint Audit Panel. A separate audit plan also exists for Transport for Greater Manchester (TfGM)
6.13 A key priority action will be to ensure there are consistent and standardised audit systems and processes in operation across these areas. In particular;

- Risk Management framework (strategic/Operational/project)
- Counter Fraud Framework (policy and reporting framework)
- Assurance frameworks (other sources of assurance)

Annual Review of the Role and Responsibilities of the Chief Financial Officer (Treasurer)

6.14 As part of its work on governance and financial management across public services, the Chartered Institute of Public Finance and Accountancy (CIPFA) issued its Statement on the Role of the Chief Financial Officer in Local Government (the Statement) in 2010. For the purpose of the GMCA's Annual Governance Statement, the role of the Chief Financial Officer has been reviewed against the governance arrangements set out in the Statement, which are required to ensure the Chief Financial Officer is able to operate effectively and perform their core duties. Full conformance with these arrangements was confirmed.

GMCA Standards Committee

6.15 The GMCA have established a Standards Committee to deal with matters of conduct and ethical standards regarding members of the Greater Manchester Combined Authority and its committees should they arise. It also provides a reviewing function for key policies in relation to the behaviour and actions of elected members whilst serving in their Greater Manchester capacities. The Committee has considered the Anti-Fraud and Corruption Policy and the GMCA Complaints Process at their meetings this year, and have made a number of recommendations with regards to ensuring that Members adhere to their responsibilities in line with the Code of Conduct.

7. PROGRESS IN ADDRESSING THE CHALLENGES IDENTIFIED IN THE 2017/18 ANNUAL GOVERNANCE STATEMENT

Business planning and performance monitoring development work.

7.1 The GMCA Business Plan for 2018/19 was published in July which included a set of performance targets. All these actions are drawn from the GMS and monitoring performance against the GMS was delivered through the Implementation Plan whose performance dashboard is reported through the Scrutiny Committees, and to the GMCA, on a six-monthly basis.

Embedding effective scrutiny and oversight, committee structure and work programmes.

7.2 The GMCA has three Scrutiny Committees that have been established and operational for two years. Each Committee meets monthly and in the interests of transparency, their proceedings are livestreamed. Scrutiny Committees are tasked with reviewing the work and decisions of the GMCA, the Mayor (excluding Police & Crime), decisions
delegated to Committees by the Mayor and the GMCA and delegated Officer Key Decisions. Scrutiny recommendations and subsequent reports are presented to the GMCA for their consideration. Scrutiny members have full access to the Public Notice of Key Decisions and those Members appointed to the Scrutiny Committees have the power to call in Key Decisions.

7.3 In addition, the GMCA has a Joint Health Scrutiny Committee, which meets bi-monthly. The joint Committee is responsible for overseeing strategies, policies, actions and consultations of the Greater Manchester Health and Social Care Partnership.

7.4 Scrutiny Committees agree an annual programme of work that aims to reflect the priorities set out in the Greater Manchester Strategy. Work programmes are living documents and topics can be added/deleted according to the Committee’s priorities. Dedicated staff resources support the Scrutiny function.

Culture & values – integration of staff structures and work around alignment of roles and responsibilities including; developing staff capacity, improved staff communications.

7.5 Good progress was made across these issues in 2017 and work continued through 2018 to address staff integration and improve communications.

7.6 The GMCA has now launched and implemented an Organisational Development Strategy which has been developed in consultation with staff. This now also forms part of organisational orientation and induction for new starters.

7.7 The Service Integration Programme (SIP) has continued throughout 2018-19 to review service delivery and emerging staff issues under the direction of the SIP Board.

7.8 Staff across both GMCA and GMFRS were surveyed about internal communications in 2017 and work was done through that year and 2018 to further develop channels and content. The communications team has worked closely with the OD team to support the OD strategy development and delivery, including work on the organisational vision, purpose, values and objectives. These are currently being rolled out as part of the new PRA process being introduced, providing a clear link between individual and corporate objectives.

Information governance and GDPR readiness

7.9 The GMCA appointed a Data Protection Officer (DPO) ahead of the implementation of GDPR who is supported by a senior level group to oversee the ongoing work to ensure continued GDPR compliance.

7.10 The team have recently developed an IG implementation and alignment work programme to address the priority areas across the organisation and review all IG processes across teams.

7.11 A Data Breach Panel has been established to further support this area of work for the Information Governance Board.
7.12 GDPR training modules have been made available for all staff, and its completion is being monitored to ensure all staff are aware of the regulations and how they impact their role and the organisation as a whole.

**Strengthening of SMT and appointment of a dedicated Monitoring Officer role**

7.13 The Senior Management Team (SMT) have continued to meet on a weekly basis chaired by the Chief Executive. A dedicated Monitoring Officer has been in post since March 2018, supported by a Deputy Monitoring Officer.

7.14 An Extended Leadership Team (ELT) has also been established which meets fortnightly with SMT to support the delivery of the GMS priorities and oversee the implementation of the organisation’s Business Plan.

**Other sources of assurance**

7.15 Whilst Internal Audit’s annual audit plan provides independent assurance over GMCA governance, risk and control activities, other sources of assurance exist.

7.16 The Audit Committee receives reports at each meeting in accordance with its agreed work programme. This includes issues arising from internal audit work and progress against the annual internal audit plan, status updates on implementation of recommended actions, updates to the Corporate Risk Register and reports from the External Auditor.

7.17 The GMCA has a business plan and associated GMS monitoring framework and a corporate performance dashboard that provides assurance over key organisational metrics including people, performance and risk elements. This is reported to SMT and to Extended Leadership Team for oversight and action.

7.18 The Head of Audit and Assurance will also provide their annual assurance opinion report over governance, risk and control matters and annual Counter Fraud report.

7.19 Audit Committee Members have received training at each meeting on a range of topics including; GMCA Transition; annual accounts process; role of internal audit / external audit; GM Waste accounts.

7.20 Mazars were appointed as the External Auditors for GMCA in 2018/19 and attend Audit Committee meetings.

7.21 The outcomes from statutory inspections by HMICFRS and HSE on the Fire Service and implementation action plan being developed alongside the Programme for Change (PFC) will be progressed.

7.22 Arrangements are in place with external funders and partners that will be further developed in 2019/20 but include key funding streams such as the Adult Education Budget, Housing Investment and Loans Fund and Single Pot Assurance Framework.
Assurance arrangements in this areas are overseen and assessed by funders and provide assurance to the GMCA over the operation of systems and controls in these areas.

8. **AREAS TO BE REFLECTED ON FOR 2019**

Integration of budgets and resources

8.1 Through 2018-19 the Mayor and Deputy Mayor have engaged in a series of meetings with fire service staff to determine the most prevalent issues faced by front line staff and begin to scope of the Programme for Change, which will review how the functions and systems of the service can be improved.

8.2 The Programme will also look at how back office functions can be improved and better integrated with the GMCA to ensure that as this function is migrated, that the most effective use of budgets and resources can be achieved.

Ensuring transparency

8.3 The GMCA is aware of its responsibilities under the Local Government Transparency Code and has re-designed its website in 2018-19 to provide a user-friendly platform for the publication of data. As the organisation has matured, there have been numerous changes to the organisational structure, senior salary information and other data which is required to be published under the Code and therefore there needs to be further consideration as to ensuring that this information is accurate and published in accordance with the regulatory timescales.

8.4 In addition, the GMCA remain focussed to ensuring transparency, and will be continuing to put into place measures to ensure that its meetings, papers and other information is accessible in a range of forms to members of the public.

Governance Review

8.5 As the 2019-20 municipal year begins, a review of all GMCA governance arrangements including the current committee structure and all internal meetings will be conducted. This will be a timely opportunity to evaluate where decision making processes are effective, any areas of duplication and how best governance arrangements can be strengthened to ensure the delivery of the GMS priorities during 2019-20.

GMCA and TfGM Chief Officer

8.6 At its meeting on the 29 March 2019 the GMCA Resources Committee agreed that the role of GMCA and TfGM Chief Officer should be a joint role held by the current GMCA Chief Executive Eamonn Boylan. As he begins to undertake this position, there will be an increased level of integration between both organisations and closer working relationships.
9 CORPORATE RISK REGISTER AND ASSURANCE FRAMEWORK

9.1 The approach to risk management across GMCA is developing. The GMCA corporate risk register captures the high level strategic risks facing the GMCA which are of such significance they require SMT oversight and assurance and are reviewed by Audit Committee and GMCA Board.

9.2 The establishment of a corporate ‘Governance and Risk Group’ consisting of senior officers from across GMCA has responsibility for the quarterly review and update of the GMCA CRR on behalf of the Senior Management Team and for reviewing actions and assurances given.

9.3 The Audit Committee will oversee the effectiveness of the risk management framework. The Committee will also take in to consideration the wider strategic risk profile from partner organisations such as TfGM, where such risks may impact on GMCA.

9.4 The GMCA risk management strategy was approved in September 2018 and further development of the risk management framework, policies, systems, structures and processes are required to ensure that these are fully understood across GMCA and embedded in working practices and portfolio and project level. A review of this will take place during 2019/20.

9.5 The GMCA risk framework acknowledges that the GMP Chief Constable is a Corporation Sole and that the Chief Fire Officer and Chief Executive of Transport for Greater Manchester each operate and oversee existing risk management frameworks within GMFRS and TfGM respectively. It also acknowledges that the joint Police and Crime Audit Panel and TfGM Audit Committee each have separate responsibility for obtaining assurance over risk management arrangements. As such the GMCA risk management framework is designed to work alongside and not duplicate these existing risk management arrangements.

Single Pot Assurance Framework

9.6 The Greater Manchester Single Pot Assurance Framework has been drafted on behalf of the Local Enterprise Partnership (LEP) and the GMCA and is a requirement of Government. It sets out how we will use public money responsibly and transparently, and attain best value for public spending in regards to Single Pot funding. The key points of the document include:
• The respective roles and responsibilities of the LEP, GMCA and other elements of Greater Manchester’s decision-making and delivery structure;
• The key processes for ensuring accountability, probity, transparency, legal compliance and value for money;
• How potential investments to be funded by the Single Pot will be appraised, prioritised, approved, delivered and evaluated.
9.7 Internal Audit in conjunction with the GMCA Policy team will provide assurance over monitoring and compliance with the requirements of the assurance framework and that key requirements are being adhered to. GMCA will also take assurance from TfGM (through an annual statement) that their own governance and assurance processes for Transport continue to meet these requirements.

10 SUMMARY

10.1 The GMCA has demonstrated an ongoing commitment to best practice and good corporate governance within the principles of the framework, demonstrated by a proactive adoption of this framework and delivery of improvements suggested in the Annual Governance Statement 2017/18.

10.2 As the organisation moves forward there will be a continued focus on ensuring the effective delivery of the GMS priorities through strong governance arrangements which are designed to support this delivery.

Signed by...........................................................................................................

Andy Burnham, Mayor of Greater Manchester and Eamonn Boylan, Chief Executive on behalf of Members and Senior Officers of Greater Manchester Combined Authority.

Date..................................................................................................................
## ANNUAL GOVERNANCE STATEMENT 2018/19

### A. BEHAVING WITH INTEGRITY, DEMONSTRATING STRONG COMMITMENT TO ETHICAL VALUES, AND RESPECTING THE RULE OF LAW

<table>
